Integrated Care System

Learning Disability and Autism Annual Report

Helping to make sure people like me and you have more choice and control to be independent, to stay healthy and safe with the same opportunities and outcomes in our lives.

?

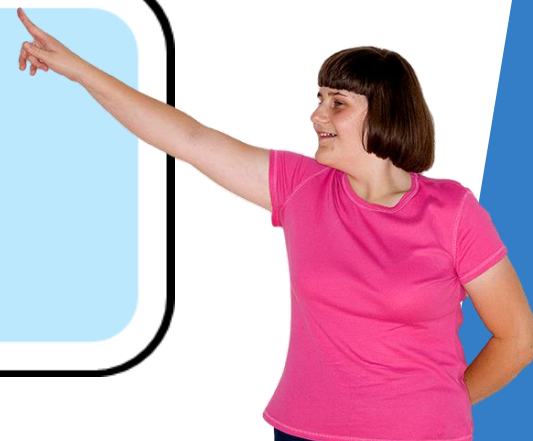

There are some difficult words in this document.
What do they mean?

LeDeR means all deaths of people with learning disabilities are looked at to find out if they got good healthcare. And to make sure they did not die too soon.

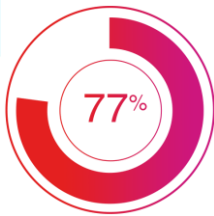

ICS-Integrated Care System all services like councils and Health working together to give people the support they need.

Key messages- The important things

A lot of progress has been made over the past 12 months

- Control and way forward is much better
- Clearer understanding of what needs to happen over the next 3 years
- 77% of people with a learning disability have had a Annual Health Check
- LeDer has met all targets

Governance-Control and Way Forward

Key actions

- Senior Responsible Officer in place from NHS and Local Authority

- Lots of Boards set up to help progress things

Next Steps...

- Review how this is going

- Improve what happens next

Strategy - Plan

Key actions

- Better reporting in place; ideas and actions agreed
- Plans and systems have been reviewed

Next Steps...

- Results based at 'place'
- Look at where the gaps are

Community

Key actions

- The way forward looks better and people know roles and responsibilities
- Clear plans for future developments

Next Steps...

- Plan developed to review things
- The 3 year Road Map will help

In Patients

Key actions

- Good understanding of patients and discharge plans
- Support Registers and review processes updated and published

Next Steps...

- Recruit more staff and training
- Develop Learning Disability Website

What worked well

Key actions

- Everyone willing to work together
- Co Production at all levels
- Support from NHS Regional Team
- Sharing and learning from other areas
