

## Shaping the future of palliative and end of life care

Join us to help make sure that palliative and end of life care is the best it can be in Shropshire, Telford and Wrekin.

Palliative and end of life care affects us all, at all ages - the living, the dying and the bereaved.

Come along to our **public session** on Tuesday **27th September, 2pm – 4pm**, at Meeting Point House, Southwater Square, in Telford, or register for our **virtual session** via Teams on Thursday **6th October, 10am – 12pm**, to join a conversation about palliative and end of life care and shape our local approach.

Ensuring that people get the right care is a priority for us in Shropshire, Telford and Wrekin. By listening to members of our communities and health and care staff, we have come up with a number of key recommendations to improve palliative and end of life care for our population.

The aim is to support people to live well for longer and, for those at the very end of their life, to die with dignity in a place of their choosing.

These events will be an opportunity for you to:

- find out about our ambitions for palliative and end of life care
- hear from people with specialist expertise
- take part in a conversation about death and dying
- and tell us how you think we should involve people in making our ambitions a reality.

To register for either session, please visit <https://www.eventbrite.com/e/help-make-shropshire-telford-and-wrekin-a-good-place-to-die-tickets-415822655757>
